Reduction Wheat Acreage By Bonus In Champion District

Figures obtained from Clark Rhodes, secretary-treasurer of Municipal District of Harmony, No. 128, show a reduction of wheat acreage in Champion district of 8,575 acres. Increase in coarse grains (oats, barley and flax) 5,488 acres. Increase in tame grass, 200 acres.

Average of acreage affected by bonus, 42,655—showing a five per cent reduction of wheat acreage in Champion district.

The fact that Champion district farmers as a whole devote their entire acreage to wheat production—practically no mixed farming—accounts for comparatively small reduction as foregoing and also for the small increase in coarse grains and tame grass.

A Thought For Today For People At War

"Many people do not yet realize that this is a war of ideas. No compromise is possible with the Nazi. They regard all concessions as signs of weakness. Nor will they ever understand that because of its spiritual quality England will never be beaten." —Madame Katina Paxinou, often called "the Bernhardt of Athens."

Victory Bond Campaign Inaugural Ceremonies

On June 2nd, the opening day of the drive for the \$600,000,000 war loan, at 12.15 noon, the Champion High and Public School children and teachers, along with many citizens of the district stood before the offices of the Municipal District of Harmony, now the district headquarters for the Victory Bond committee, and, either listened intently or took part in the very impressive ceremony staged there.

The Municipal office was a fitting place for the service, decked out in its many flags, arranged in sets of two's and three's.

The service opened with the singing

of "O Canada" followed by the soldiers' hymn "Onward Christian Soldiers."

E. Griffin acted as chairman of the service and his remarks were short, to the point, and very impressive and exacting as he kept the service going smoothly, and with never a dull moment.

The Rev. Peter Dawson was in charge of the service section, giving the Oath of Allegiance and the prayers. Mr. Dawson prayed for a quick and lasting peace and asked for the blessing and safe keeping of the British peoples in their hours of trial and sorrow.

His Honor, Mayor J. D. Henderson, opened the addresses with a brief talk on the need of digging deep into (Continued on Page 2)

Champion-Carmangay Unit Over the Top With Victory Loan

The Champion-Carmangay Unit of the 1941 Victory Loan has gone over the top in its subscription. Up-to-date \$46,200.00 has been subscribed, and it is reasonable to figure that this amount will be doubled before the campaign ends. The Victory Loan local committee appreciates the splendid co-operation of the people in the district and says "Thank You."

The Dominion Government in its drive to "Supply the Tools to Finish the Job," passed estimates of over a billion dollars. Two ways were open for the government to raise this money—first by taxation; second by loan. These two methods are being used. We know something about (Continued on Page 3)

FACING REALITY

There comes a time in the lives of most men when they come face to face with reality and cannot dodge it. Such a time has arrived for every man and woman in Canada who has a sum of money over and above that needed for ordinary expenditures.

There are few Canadians who do not treasure money, either for the protection it affords the individual against unforeseen calamity or for the value it represents in terms of goods which it will buy. Some treasure money because it is the concrete result of years of hard work. Others are reluctant to part with money because to them it is a sheltering arm around the family.

Now, however, Canadians are faced with the realization that no matter how highly they regard their personal cash reserves, they must loan it in order to keep it.

The battle against Germany can be viewed in part as a battle in behalf of Canadian cash in hand. Let Germany win, and assets of Canadians will dry up almost to the vanishing point.

Great Britain, Australia, New Zealand, South Africa, India and Canada have been left alone to fight the Nazi monster. The challenge, undoubtedly the most stupendous in world history, demands the active help of every Canadian. Those with money, be it fifty dollars or two hundred and fifty thousand dollars, must loan their cash to the government if Canada is to carry on with her present share in the big battle.

The man or woman who shrugs his or her shoulders and deliberately attempts to duck from under the responsibility of each individual in this time of national crisis will earn the contempt of his fellow citizens.

our pockets and buying Victory Bonds, not only to save our money but also to help finish the job we have started.

Mr. Henderson, spoke with great earnestness and sincerity as he asked those who were able, to do everything within their power to live up to the symbols of the flag, "Faith, Truth, and Courage." He had spent part of his life trying to smash the very thing we are now asking you to lend your money to smash this time.

G. L. Depue, district organizer, made a few very fitting remarks and once again appealed to the public to "dig deep" to finish the job we started twenty-seven years ago. After explaining the type of Bonds and how they could be purchased, Mr. Depue hoisted "The Flag of Victory" to the top of the mast and everyone showed their loyalty and their deep concern by standing quietly and rigidly at attention.

The children and the populace sang three or four community songs under the leadership of G. M. Campbell with Rev. Peter Dawson assisting.

The program ended with the singing of "God Save the King," followed by "There'll Always be an England" by some of the kiddies who stood through the ceremony like good Canadians.

At 9.30 that evening two matches were lit by Wolf Patrol Leader, Lawrence Gardner and Moose Patrol Second, George Hummel to a pile of wood soaked with oil and gasoline, which burst into flame casting a defiance to the "German Rat" as the Boy Scouts of the First Champion Troop lit their Cross-Canada Beacon to light the Torch of Victory across Canada, and then across the Atlantic to Prime Minister Churchill. A good crowd of about eighty adults and children watched the fire get larger and larger as the wood began to crackle and snap, almost as if it was happy to be able to prove its final worth, even as Canadians, to per-

sonify the downfall of the aggressors and enslavers of Europe.

The Boy Scouts led community singing around the fire, and the flag was hoisted by Andrew Farmer as we all sang such songs as "O Canada," "There'll Always be an England," "Carry on Canada," and "God Save the King."

taxation, but let us keep in mind that the present taxation is light compared with what it will be if the people of the Dominion do not lend their earnings, and the war continues for many years.

The Dominion Government is asking for \$10,000,000 a month by "War Saving Certificates," and now the "Victory Loan" of \$600,000,000. The more we give by the way of a loan the less we may expect to pay by taxation. Do then your bit in helping the Dominion to reach its

The UNEMPLOYMENT INSURANCE PLAN

To the Employer...

Contributions to the Unemployment Insurance Fund become payable as from July 1st, 1941.

Contributions are made by the employer and the employee, and are paid by the purchase of Unemployment Insurance stamps by the employer from the Post Offices.

The employee's contributions are deducted from his wages by the employer.

Stamps will be affixed to a special book, called the Insurance Book, by the employer. The book is the employee's record of contributions, and when he becomes unemployed it forms the record from which insurance benefits may be paid. Full details will be sent to you when you have returned the postcard attached to a form which is now in the mails.

The plan of procedure has been adopted after consultation with employer and employee associations and is one which has been based upon thirty years' experience in Great Britain.

The Dominion Government adds 20% to the combined employee-employer contributions.

HON. NORMAN A. McLARTY,
 Minister of Labour

Contributions, and in addition, pays the administration costs which include the operation of a National Employment Service for the convenience of employers and employees.

Contributions are payable by all persons while in employment and by their employers, with the exceptions listed in the panel below.

The first duty of every employer will be to REGISTER WITH THE COMMISSION by completing the postcard attached to a form which is now in the mails, and obtaining and issuing insurance books for all his employees. If there is doubt as to whether employees, or any of them, are in your employ, ask for instructions when you return the postal card. If you do not receive a form through the mail go to the nearest Post Office and ask for one. All employers must complete registration prior to June 14th, 1941.

The Commission feels that it can be assured of the full cooperation of all employers. Nevertheless, attention is drawn to the fact that registration is compulsory and any failure to register is an infraction of the law and is subject to penalties.
